

ONLY IN VEGAS

The Secret Garden & Dolphin Habitat -
The Mirage

Only in Vegas can you take in the glow of thousands of neon lights, then traverse to the beautiful lush foliage in Siegfried & Roy's Secret Garden and Dolphin Habitat. Located inside The Mirage, gaze upon gorgeous lions, tigers and leopards, then reserve your seat to see dolphins play with their trainers.

THRILLS

The bigger the sandbox, the bigger the toys. Play on big bulldozers, excavators and steers at Dig This Las Vegas. Operate real construction equipment as you wheel around this one-of-a-kind amusement park. Children as young as 4 can tag along on kids' dig rides for fun that the entire family can enjoy.

OUTDOOR ADVENTURE

Get some fresh air and get up close to the natural beauty of Black Canyon with an exciting raft tour on the Colorado River. This beautiful gorge is located just below the Hoover Dam, making it an exhilarating and educational adventure. Or take advantage of the full-service and tent camping sites at Willow Beach and become one with nature.

EXPLORATION

Las Vegas is all about the many amazing things to discover throughout the destination. Be wowed by the depths of Shark Reef Aquarium at Mandalay Bay or find fun for the whole family at the Discovery Children's Museum. Indulge your sweet tooth at Ethel M's Chocolate Factory or explore at your own pace at the Springs Preserve.

TOURS

The wildest thing in Vegas won't be found on the Strip. Call up Pink Adventure Tours and discover the vast wilderness just outside the city limits.
